

## MEDICAL

### Process

- Medical volunteers should arrive by 6:15 am or 12:00 pm and be ready to work by 6:45 am or 12:30 pm for shift 1 and 2 respectively.
- A brief training/orientation for the first ½ hour of each shift will be provided by the Lead.
- Assure patient form is complete. Use only **BLUE** ink, see Lead. **Please print neatly and legibly.**
- Please assure your area is wiped down between patients and at the end of your shift.
- Assure all sharps and any bio-hazard materials are deposited into bio hazard bags and containers. **Do not put other trash in bio hazard bags.**
- Wear appropriate personal protection equipment either provided by NM MOM or your own equipment such as safety glasses, face masks, gloves and disposable gowns, where appropriate.
- Once you have treated the patient, raise the **red** card prior to cleaning your station for the Patient Escort to come and get your current patient. When you are ready for another patient, please raise the **green** card. If you have questions or need assistance, please raise the **yellow** card.

**Patient treatment and cleaning of area should take approximately 45 minutes per patient. Please attempt to see 8 patients per shift.**

### Supplies

- General supplies will be placed on a table in the area. These supplies will be stocked throughout the event. Medical supplies will be located in the Medical area. Prescription items will be located at the Pharmacy area.

### Instruments

- Instrument sent for sterilization will be ready for pick up at sterilization for medical as needed.

## **Dental/Medical Protocol – Medical Treatment Area**

### Services/procedures performed

- Consultation
- Referrals
