

NM Mini MOM Coming to Eastern New Mexico Communities

Trish Rule, NM MOM Program Administrator, attended the Ruidoso Eastern District Meeting to share the message of NM Mini MOM.

The New Mexico Dental Association Foundation Board of Directors recently approved moving forward with a new reduced size Mission of Mercy concept. New Mexico Mini MOM events with 20 dental operatories are being planned in smaller locations across rural New Mexico. Remote Area Medical has indicated a willingness to partner with the NM Dental Association Foundation to bring the events to fruition. The first events will be held two consecutive weekends in spring 2018 in Eastern New Mexico: First in Clovis and then the next weekend in Roswell. Dr. Jeff Naggs will lead the Clovis event and Dr. Keon Ahghar will be the clinical lead at the Roswell event.

The Eastern District Dental Society voted in February at their annual meeting to endorse this New Mexico Mini MOM opportunity in their district both in concept and with a generous financial contribution of \$10,000. If you are interested in helping bring NM Mini MOM to Eastern New Mexico please e-mail Trish Rule at trule@NMDAF.org.
